QUALITY CONTROL

LIGHT WEIGHT:

Easy transportation
Hasslefree installation
Upto 90% weight reduction
compared to DI/RCC pipes

LONG PIPES:

available in 6m length
Less joints
Faster installation
Smooth inside surface

100% RECYCLABLE:

Eco Friendly
Sustainable production
Minimum waste

LONGER SERVICE LIFE:

No corrosion
No sudden overload
Easy temporary deformation
& recovery

EFFORTLESS FLOW:

Smooth inner surface
Quality jointing
Leak proof
No resistance to flow

LOW INSTALLATION COST:

Easy pipe joining method
Less trench width required
low civil work cost

DEFORMATION AND RECOVERY:

Easy deformation
soil movement
No sudden overload
Flow flexibility

HIGH ABRASION RESISTANCE

No corrosion
chemicals/Acids resistant
prolonged depreciation

STRONG AND STURDY:

High impact strength
No dents
No breaks
Easy deformation & recovery

LOW COST LIFE CYCLE

LONGER LIFE
Low product weight
Low installation COST
Minimum maintenance
